ABOUT HAYDEE

As a child born in a third-world country & living in four continents (by age ten) Haydee learned the skill of ReNewal at an early age to thrive in change & disruption. More than ever our audiences need the superpower of ReNewal to thrive personally and professionally in this new reality.

From being the youngest director of multinational L'Oréal to owning retail stores - her work and life lessons embody courage & triumph over adversity.

Haydee's book "Packaged For Success" ranked number one international Amazon bestseller in eleven categories. She is a CSP (certified speaking professional) a designation held by only 12% of professional speakers worldwide. Not bad for a **Bolivian** girl who dreamed to speak English one day!

Haydee sees her biggest achievement as giving birth to twins at age 47, she has coached celebrities (even a Miss World & Miss Universe), she dances to everything 80's, delights in Costco shopping & loves her life in the Temecula wine region of SoCal.
