Leadership training was impactful. After 16 years of workforce experience, you always think that is one way to do things as a leader, but Kandy showed me the natural abilities and how to be a better leader. She was able to pull that out of me.

– Judditte Dorcy  
CEO, Leaders in Workforce Strategy

After being in TA for over 12 years, I learned a lot. One of my takeaways, which is speak their language, if you are Generation X, Z, Baby Boomer or Millennial, by showing them passion, connect and speak from your heart. I recommend Kandy because she is a voice for the next generation of thinkers, doers, and leaders.

– Derek Potter  
Sr. TA, Apogee Engineering

Kandy Windom, during USBG Leadership Forum, provided excellent experience related to her extensive coaching business. We were able to take away recruitment and retention strategies for our volunteers immediately for her suggestions. Thank you!

– Jessica Pettit, CSP  
Speaker & Consultant
